

EDU European Ranking Rules

General rules

Each year, 3 EDU main rankings are awarded and each affiliated association has the opportunity to organize a national ranking with international participation. The main EDU rankings are awarded at least one year in advance.

The EDU main rankings are awarded by the EDU Board of Directors according to the following criteria.

All Affiliated Associations can request an EDU Ranking in writing to the EDU. The EDU Rankings are only permitted at associations that have no obligations to the EDU. Another criterion for the award is whether the organizers association has registered a Champions League team for the season in which it organizes the ranking. In special cases, the evaluation catalogue from the last ranking carried out by this association may also be decisive. The organizer must meet the requirements of the ranking. In case of non-compliance with these rules, the following ranking will be withdrawn from the respective association. In the event of a positive approval of the ranking by the EDU Board of Directors, the organizer is therefore also the responsible organizer of the EDU Ranking and is responsible for all legal regulations, licenses as well as the allocation of expense contributions as well as all legal reports that are subject to this event.

An EDU main ranking must meet the following requirements:

Champions League	Friday 6 pm	Schedule Champions League
Ranking Men	Saturday 10 am	501 D.O.
Ranking Women	Saturday 11 am	501 D.O.
U-18	Saturday	501 Master out
Dyp*	Saturday 2 - 5 pm	501 M.O. or D.O; 701 M.O. or 701 D.O. Cricket always one display per team

In the case of an EDU main ranking (whole weekend), only dart machines approved by the EDU may be set up in the entire tournament hall, sports hall, hall. In the tournament hall, including adjoining rooms, no advertising may be made for non-homologated dart machines. In the case of EDU main rankings, the EDU has the right to use advertising space in the tournament hall for its sponsors free of charge, in consultation with the organizer on site.

The implementing association has to pay 250 euros to the EDU for an EDU main ranking. For a national ranking, the organizing association must pay 100 euros to the EDU. The tournament announcements from the main rankings must be sent to the EDU 2 months in advance. The dates of the national EDU ranking tournaments must be announced to the EDU at least 3 months in advance. The dates of the national rankings must not overlap with the dates of the official tournaments of the EDU. The match dates of the Champions League will be assigned exclusively to the 3 main rankings.

Ranking Tournament Rules:

The warm-up on the Friday before the EDU ranking may not be played before 6.30 p.m. out of consideration for the arriving darts athletes from the neighboring countries. In the tournament hall, the tournament rules of the EDU, as well as the current EDU ranking rankings must be posted. The entry fee for the EDU tournaments may not be higher than for the Open tournaments. All EDU Tournaments Ranking & DYP as well as the award ceremony must be completed on Saturday. All participants must have a valid license from an affiliated member association of the EDU. It may be played on the small (13 inches) or large (15 inches, bull eye must be 25/50) disc.

The EDU Rankings can be conducted on tournament schedules or through a tournament program. All results must be sent to the EDU by email within 7 days of being carried out in Excel format (rank, player license, surname, first name, country and, in the case of DYP, the gender of the players in separate columns).

Double DYP Rules:

The registered players will be divided into strength groups by the tournament management. Registrations will be sorted by country and skill level. The strong gentleman must be assigned a weak gentleman or lady.

Requirements for national rankings:

National rankings may only be hosted by each member country (affiliated association) once per season, provided that that member country also organizes an EDU main ranking during that season.

The game mode is the responsibility of the organizer.

An individual tournament (women and men separately) soft dart must be played.

Points will only be awarded for one individual competition (women and men).

Points will only be awarded to EDU licensed players.

Scoring for ranking tournaments: (see appendix)

The European Championships men's and women's singles is the first ranking tournament of the season. The last tournament of the season is always the third EDU ranking. The award ceremony for the overall ranking will be held at the following European Championships.

Each player can collect a maximum of points from the following tournaments during the season. 1x European Championship Singles, 3x EDU Ranking, 3x DYP, 1x National Ranking.

Tournament system Categories EDU Rankings

The basic round is played best of 3 or best of 5 legs in a doubles ko system. The 8 best men (4 winners + 4 losers side) and the best 4 women (2 winners + 2 losers side) will then play in the play-off – knockout mode best of 3 sets – best of 5 legs. In the first round of the playoffs, the players from the losing side have a handicap of 0:1 in the sets. The players of the winning side draw their opponents from the losing side in the first round.

Players who play in play-off mode will not be allowed to play the EDU DYP competition

The expenses of the ranking tournaments will be paid by the EDU at the European Championships to the best 30 men as well as the best 30 women according to the final ranking, who have participated in 2 rankings or in a 1 ranking and in the European Championship ranking tournament in the current season. Players who are among the 1-30 in the rankings and have not met the criteria are not entitled to the expense contributions of the rankings.
